

ARP ESSER Health and Safety Plan Guidance & Template

Section 2001(j)(1) of the American Rescue Plan (ARP) Act requires each local education agency (LEA) that receives funding under the ARP Elementary and Secondary School Emergency Relief (ESSER) Fund to develop and make publicly available on the LEA's website a *Safe Return to In-Person Instruction and Continuity of Services Plan*, hereinafter referred to as a *Health and Safety Plan*.

Based on ARP requirements, 90 percent of ARP ESSER funds will be distributed to school districts and charter schools based on their relative share of Title I-A funding in FY 2020-2021. **Given Federally required timelines, LEAs eligible to apply for and receive this portion of the ARP ESSER funding must submit a Health and Safety Plan that meets ARP Act requirements to the Pennsylvania Department of Education (PDE) by Friday, July 30, 2021, regardless of when the LEA submits its ARP ESSER application.**

Each LEA must create a Health and Safety Plan that addresses how it will maintain the health and safety of students, educators, and other staff, and which will serve as local guidelines for all instructional and non-instructional school activities during the period of the LEA's ARP ESSER grant. The Health and Safety Plan should be tailored to the unique needs of each LEA and its schools and must take into account public comment related to the development of, and subsequent revisions to, the Health and Safety Plan.

The ARP Act and U.S. Department of Education rules require Health and Safety plans include the following components:

1. How the LEA will, to the greatest extent practicable, implement prevention and mitigation policies in line with the most up-to-date guidance from the Centers for Disease Control and Prevention (CDC) for the reopening and operation of school facilities in order to continuously and safely open and operate schools for in-person learning;
2. How the LEA will ensure continuity of services, including but not limited to services to address the students' academic needs, and students' and staff members' social, emotional, mental health, and other needs, which may include student health and food services,
3. How the LEA will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policy on each of the following safety recommendations established by the CDC:

- a. Universal and correct wearing of [masks](#);
- b. Modifying facilities to allow for [physical distancing](#) (e.g., use of cohorts/podding);
[Handwashing and respiratory etiquette](#);
- a. [Cleaning](#) and maintaining healthy facilities, including improving [ventilation](#);
- b. [Contact tracing](#) in combination with [isolation](#) and [quarantine](#), in collaboration with State and local health departments;
- c. [Diagnostic](#) and screening testing;
- d. Efforts to provide COVID-19 [vaccinations to school communities](#);
- e. Appropriate accommodations for children with disabilities with respect to health and safety policies; and
- f. Coordination with state and local health officials.

The LEA's Health and Safety Plan must be approved by its governing body and posted on the LEA's publicly available website by July 30, 2021.* The ARP Act requires LEAs to post their Health and Safety Plans online in a language that parents/caregivers can understand, or, if it is not practicable to provide written translations to an individual with limited English proficiency, be orally translated. The plan also must be provided in an alternative format accessible, upon request, by a parent who is an individual with a disability as defined by the Americans with Disabilities Act.

Each LEA will upload in the eGrants system its updated Health and Safety Plan and webpage URL where the plan is located on the LEA's publicly available website.

The ARP Act requires LEAs to review their Health and Safety Plans at least every six months during the period of the LEA's ARP ESSER grant. LEAs also must review and update their plans whenever there are significant changes to the CDC recommendations for K-12 schools. Like the development of the plan, all revisions must be informed by community input and reviewed and approved by the governing body prior to posting on the LEA's publicly available website.

LEAs may use the template to revise their current Health and Safety Plans to meet ARP requirements and ensure all stakeholders are fully informed of the LEA's plan to safely resume instructional and non-instructional school activities, including in-person learning, for the current school year. An LEA may use a different plan template or format provided it includes all the elements required by the ARP Act, as listed above.

* The July 30 deadline applies only to school districts and charter schools that received federal Title I-A funds in FY 2020-2021 and intend to apply for and receive ARP ESSER funding.

Additional Resources

LEAs are advised to review the following resources when developing their Health and Safety Plans:

- [CDC K-12 School Operational Strategy](#)
- [PDE Resources for School Communities During COVID-19](#)
- [PDE Roadmap for Education Leaders](#)
- [PDE Accelerated Learning Through an Integrated System of Support](#)
- [PA Department of Health - COVID-19 in Pennsylvania](#)

Health and Safety Plan Summary: Belle Vernon Area School District

Initial Effective Date: July 30, 2021

Date of Last Review: July 26, 2021

Date of Last Revision: July 26, 2021

1. How will the LEA, to the greatest extent practicable, support prevention and mitigation policies in line with the most up-to-date guidance from the CDC for the reopening and operation of school facilities in order to continuously and safely open and operate schools for in-person learning? Belle Vernon Area School District will monitor the latest recommendations from PDE, PADOH, and CDC and update their Health and Safety Plan as needed with any requirements. Board policies will be reviewed and adjusted as needed to assure compliance with the health and safety plan. The plan will be presented to the Board of Directors for approval when changes are necessary. Facilities and practices will be adapted to the extent possible to ensure that appropriate prevention and mitigation processes are followed. In addition to practicing standard preventative measures such as hand washing, cleaning practices, and the use of PPE when required, Belle Vernon Area School District will continue to practice standard mitigation efforts to include reducing close contact when feasible.
2. How will the LEA ensure continuity of services, including but not limited to services to address the students' academic needs, and students' and staff members' social, emotional, mental health, and other needs, which may include student health and food services? Educational models will be adapted to the needs of the students and as the situation may dictate. This may include the cyber instruction, in person, or a combination there of. Staff will monitor social, emotional, mental health and other needs of students and families through all models and refer any needs to appropriate personnel. Food services will be accessible to all no matter what instructional model they may utilize.
3. Use the table below to explain how the LEA will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policy on each of the following safety recommendations established by the CDC.

ARP ESSER Requirement	Strategies, Policies, and Procedures
a. Universal and correct wearing of masks ;	Correct mask wearing techniques will be followed when mask wearing is required by CDC guidelines. Unvaccinated students and staff are encouraged to wear masks. The LEA will monitor current CDC guidelines requiring mask wearing and will react in timely fashion accordingly.

ARP ESSER Requirement	Strategies, Policies, and Procedures
<p>b. <u>Modifying facilities to allow for physical distancing</u> (e.g., use of cohorts/podding);</p>	<p>Turn desks all in the same direction. Students all face the same direction.</p> <p>Create space between students to the greatest extent practicable.</p> <p>If space is an issue, reduce furniture in the classroom to add capacity for space.</p>
<p>c. <u>Handwashing and respiratory etiquette</u>;</p>	<p>Teach and reinforce good hygiene measures such as hand washing, covering coughs, and face coverings.</p> <p>Provide hand soap, hand sanitizer with at least 70% alcohol, cleaning wipes/disinfectant spray, tissues, and paper towels in all classrooms and frequently trafficked areas.</p> <p>Post signage in classrooms, hallways, and entrances to communicate how to stop the spread. COVID-19 symptoms, preventative measures (including staying home when sick), good hygiene, proper respiratory etiquette and school/district specific protocols.</p>
<p>d. <u>Cleaning</u> and maintaining healthy facilities, including improving <u>ventilation</u>;</p>	<p>Daily cleaning of schools with soap and water, disinfectants and sanitizers to decrease the possibility of contamination. Additional cleaning to frequently touched surfaces and objects including door and sink handles.</p> <p>At least daily and throughout the day disinfecting schools and vehicles using EPA- approved disinfectants against COVID-19 to reduce risk.</p> <p>Follow standard protocols to clean surfaces that are not high touch.</p> <p>Ensure ventilation systems operate properly and increase circulation of outdoor air as much as possible.</p>
<p>e. <u>Contact tracing</u> in combination with <u>isolation</u> and <u>quarantine</u>, in collaboration with the State and local health departments;</p>	<p>Work with school administrators and school nurses to identify an isolation room or area to separate anyone who exhibits COVID like symptoms.</p>

ARP ESSER Requirement	Strategies, Policies, and Procedures
	<p>Establish procedures for safely transporting anyone who is sick home or to a healthcare facility.</p> <p>If required, fill out and submit the Self Report and Line List forms provided by PDE and PADOH for contact tracing.</p> <p>Send out notifications to building staff and students with appropriate health information as needed.</p> <p>Work closely with the community health center nurses to follow-up and complete contact tracing.</p> <p>Develop procedures if needed based on CDC guidelines that ensure staff and students meet all health requirements before returning to school safely.</p>
<p>f. Diagnostic and screening testing;</p>	<p>Check for signs and symptoms of students and staff daily upon arrival.</p> <p>Share with parents a system for home/self- screening and reporting procedures.</p> <p>Encourage staff to stay home if they are sick and encourage parents to keep sick children home.</p>
<p>g. Efforts to provide vaccinations to school communities;</p>	<p>Work with community health centers and hospitals to provide brochures and other information as to when and where staff and students can receive vaccinations at their sites.</p>
<p>h. Appropriate accommodations for students with disabilities with respect to health and safety policies; and</p>	<p>Appropriate accommodations in compliance with federal and state laws (IEP's, 504 plans, etc) will be made for students with respect to health and safety and any additional procedures.</p>
<p>i. Coordination with state and local health officials.</p>	<p>The Belle Vernon Area School District will work together with the PADOH and community health agencies to coordinate resources in accordance with our health and safety plan.</p>

Health and Safety Plan Governing Body Affirmation Statement

The Board of Directors/Trustees for Belle Vernon Area School District reviewed and approved the Health and Safety Plan on July 26, 2021.

The plan was approved by a vote of: 9-0

Yes

No

Affirmed on: July 26, 2021
